## REVIEWS & RECOMMENDATIONS

Holt Country Park is an excellent place to see wildlife and animals. On our walk we saw cows, deer, squirrels, and lots of different birds. The walk was beautiful with all the different coloured leaves on the trees. The paths were really well waymaked and it was a lot of fun to follow the different coloured arrows round.

A wonderful place to take the whole family for an afternoon out, whatever the weather. There is a good café as well.

We always enjoy our walks here. It is often busy but once you get out into the woods on the many walks you can get away from it all. It is easy enough to walk into Holt from the park too. Added bonus today when we visited there is now a little tearoom in the park. Lovely cakes, hot choc and teas and coffee. Lovely covered area for picnics if weather not kind as well as many picnic benches for when it is.

Well worth a visit.
